

International Welding Technologies

Leading manufacturer of stud welding equipment and fasteners

Description:

The C-1 is molded from fiber-reinforced plastic and is fully insulated. Standard economic 10mm collets are utilized for varying stud diameters. The ergonomic handle is designed to eliminate operator fatigue. The C-1 is specifically designed to be easy to set up and use. An adjustable leg set allows for rapid changes of fastener length. Spring pressure is easily adjusted for fastener materials.

Weld Range:

#4-3/8" diameter fastener
in steel and stainless steel

Welding Process:

Capacitor Discharge, Contact

Welding Cables:

20ft of #2 highly flexible welding cable

Adjustable Legs:

To accommodate fasteners up to 3" long

Base Ring Diameter:

1.25 inch

Total Weight:

2lbs without cables

FEATURES

- MADE IN USA
- Easy to Use
- Light Weight
- Heavy Duty Cables
- Adjustable Leg Set
- New Comfort Grip

IWT C-1 Contact Gun for use with tipped studs

Optional Tri-Pod

Fully Insulated
Adjustable Spring *Fiber-Reinforced Plastic*
